

MEN WHO SERVED WRITE OF VALUE OF LIFE IN ARMY

Former Soldiers and Sailors
Say Universal Training Is
Only Square Deal.

BY CAPT. HENRY J. REILLY.

The morning's mail brought in 400 ballots for universal military training and 3 against it. This makes a total of 3,232 ballots received to date.

As has been the case since the beginning, many of the ballots are accompanied by letters expressing the greatest interest and approval. These letters are not only from men but also from women, most of whom are mothers of sons.

A number of requests for from 30 to 200 ballots have been received. These are all promptly complied with.

W. F. T. and J. W. L. took the trouble to paste long strips of papers to their ballots and yet in the one case twenty-nine signatures and in the other forty-eight.

Soldiers Write of Value.

The idea so prevalent among Americans that the regular soldier is looked down upon by his officers and is more or less a scoundrel of worthless indolence is protested against by many of former soldiers, who insist on the advantages and necessity of military training.

G. B. writes: "I served Uncle Sam from '91-'94 under Grant, Sherman, and Thomas. I was taught discipline, courtesy, cleanliness and order, things that our schools do not teach.

"One of my grandsons is in the navy. Had I twenty sons, I would urge them to undergo military training in order to provide them with manifold advantages."

H. J. R. writes: "I have one son, who is a turret captain on the U. S. S. Louisiana, and another who is a cavalryman. They are both splendid men. I believe most thoroughly in military training."

"No More for Volunteers."

"I inclose my vote for universal military training." H. S. writes. "I am absolutely with you. I am in favor of universal service and military training. I have three sons, all eligible to the front rank, but not as volunteers. I want through a severe experience in the civil war; saw thousands of our best boys volunteer to be killed, maimed, and lost to society."

"I saw other thousands of lame, blind, lazy, epileptic, disloyal cowards remain at home to enjoy good times and a prosperous country. And now our country, insane wards, our insane asylums, and penitentiaries are overrun with the children of that same element. No, sir, volunteering don't go with us; universal service or none."

"The writer," says E. T. K., "is an ex-soldier of the United States regular army, who has followed with keen in-

VOTE ON MILITARY TRAINING

Mail to Chicago Tribune. Postcards Also Counted.
Ballots Furnished on Application. Stop in Business Office and Vote.

I do believe in making all young men who are physically and mentally fit liable for military training before reaching the age of 21.

I do believe that such a policy would not only produce the force of trained citizen soldiers necessary for the nation but would reduce the criminal rate, produce a higher type of manhood, and level class distinction by training the poor and rich alike in the higher duties of citizenship.

CAPITAL ROILED BY TEXAS GUARD

Chamberlain to Ask Report
ing Out of Universal
Training Measure.

BY A STAFF CORRESPONDENT.
Washington, D. C., May 23.—[Special.]

—All Washington seethed with a discussion of national defense today. As a result of the refusal of Texas militiamen to serve on the Mexican border Senator Chamberlain of Oregon announced that he will ask the Senate militia affairs committee to report out his universal military training bill on Friday.

Secretary of War Baker tonight endorsed the principle of universal military training. At the same time Secretary of the Navy Daniels in an interview said he was opposed to it as undemocratic.

It is understood President Wilson still is opposed to universal training.

Chairman Hall of the house military committee introduced a measure providing for a national council of executive information. The measure would provide for a council to consist of seven members of the cabinet, with the power to nominate for the approval of the president an advisory commission of seven members specially qualified to aid in making a survey of the industries of the country and to create relations that will "render possible in time of need the immediate concentration and utilization of all the industrial resources of the nation."

Among the duties of advisory commissioners would be to investigate and recommend to the president the location of railroads in reference to concentration of industries and the mobilization of resources in time of war; to increase the domestic production of articles and materials essential to the support of arms and the people during the interruption of commerce; to give information to manufacturers regarding the class of supplies needed by the government, and to develop sea-going transportation.

WILSON ALIGNED WITH ADVOCATES OF LITTLE NAVY

President Won to Democratic
Program—Republicans Lay
Out House Campaign.

BY A STAFF CORRESPONDENT.
Washington, D. C., May 23.—[Special.]

President Wilson has come out in favor of the little navy program approved last week by the Democratic members of the house naval affairs committee.

After learning of this fact Republican leaders of the house today announced that they would make an effort to have this congress bring the American navy back to second place during the life of the congress. As a first step toward this end they will submit to the house tomorrow their views on the appropriation bill as agreed to by the committee last week.

At the same time the measure itself, together with the Democratic report, will be laid before the house.

The disclosure that President Wilson approves the little navy men's program was made in the house this afternoon by Minority Leader Mann during a heated colloquy with Majority Leader Kitchin.

Democrats to Curb Debate.

Mr. Kitchin announced that the Democrats would bring in a rule on the naval bill next Monday in order to push it through the house before the convention.

"I don't, as a rule, refer to personal conversations on the floor of this house," Mr. Mann rejoined, "but I will say that what the gentleman did tell me was that the president had told them to pass the bill.

Democrats to Curb Debate.

Mr. Kitchin announced that the Democrats would bring in a rule on the naval bill next Monday in order to push it through the house before the convention.

"We further believe that the president should be authorized to enlist, in his discretion, such additional men as the needs of the navy may require, not to exceed the total of 62,762 recommended by the general board."

FIGHT TO KEEP RUBLEE ON TRADE BOARD ENDED.

Senate Votes Against Reconsidering
Refusal to Confirm Him-Marshall Sets Precedent.

Washington, D. C., May 23.—Administration efforts to have the Senate reconsider its refusal to confirm the nomination of George Rublee of New Hampshire as a member of the federal trade commission failed late today by a tie vote, 55 to 55.

The plan of attack on the little navy bill was today laid out by the Republican leaders in conference. Mr. Mann will force a vote on every provision in the bill where the recommendations of the house naval affairs committee are not met.

Mr. Mann will offer his one year amendment first and then, if they are beaten, the general board amendments. If these in turn are defeated, he will offer a motion to recommit with instructions to the whole plan of the general board to put the navy in second place in three years.

Republican members of the naval committee today completed their protest against the program prepared by the Democrats. They will submit this protest to the house tomorrow in the nature of a minority report of the bill.

Apparently the only explanation for the protest is suggested by the Democrats, "The Republicans say, 'is that it is a compromise between those who wanted nothing in the way of additional naval training and those who wanted but little.'

Senate records show that it was the first time in history that a vice president ever was paired, and some parliamentarians say that the procedure in this proceeding was in conflict with the provision of the constitution authorizing the vice president to vote only for the purpose of breaking an announced tie.

The increase in the navy carried in the bill is a mere arbitrary allotment of ships, made without regard to the position of our navy as compared with that of any other naval power, whereas it is the opinion of the minority that the navy of the United States should be restored to second place by this congress."

"As the first and most important step toward the restoration of our navy to second place by the Sixty-fourth congress," say the Republicans, "it is our judgment that we should make up at this session for the two dreadnaughts which were lost in the second congress failed to provide, and, also, for six battle cruisers which should have been authorized heretofore."

The provisions in the bill relative to the enlisted personnel do not meet the requirements of the navy for additional men, say the Republicans, adding:

"We further believe that the president should be authorized to enlist, in his discretion, such additional men as the needs of the navy may require, not to exceed the total of 62,762 recommended by the general board."

COMMONS AGREES UPON CREDIT OF BILLION AND HALF

Churchill Makes Bitter Attack Upon Government's Conduct of the War.

[BY CABLE TO THE CHICAGO TRIBUNE.] LONDON, May 23.—The house of commons tonight unanimously agreed to vote a war credit of \$1,500,000,000 for the purpose of conducting Britain's share of the hostilities until the middle of the first week of August.

Premier Asquith, asking the loan, said the amount asked would last until that time at the daily cost of \$22,000,000 which Britain is facing. There is enough left of the first credit voted this year to carry the war until June 2.

The figures submitted by the premier showed that the total war loans which have been voted by Britain since the opening of hostilities now has reached \$11,900,000.

The debate on the credit was marked by an attack on the government's conduct of the war by Col. Winston Spencer Churchill, former first lord of the admiralty, who returned from the front to take up the leadership in opposition to the ministry.

Protest Made by Churchill.

Mr. Churchill was the first speaker in the general debate. He said it was unreasonable for people to expect the war to turn suddenly and decisively in favor of the allies. The contending armies were far too evenly matched at the present time to permit of such a change.

The allies felt that they were the stronger and had a preponderance of men. Mr. Churchill continued, but against this was the central position of their opponents, their superior unity of war direction, and the advantage of being able to maintain the initiative. The allies had a larger reservoir of men and potential, than their enemies, and it was in the use which was made of them that the hope of final victory lay.

The frequency of the German and Austrian attacks on all parts of the front might be a sign of the measure of their strength. Mr. Churchill said, but it might also be a sign of the measure of their profound anxiety. If the Germans were beaten decisively they would be beaten by lack of men, and accordingly the best use must be made of the men now being called to the British army.

Army Unneeded at Home.

Laying the greatest stress upon the necessity of getting every man available into the fighting lines, Col. Churchill said the admiralty had told the government at the outbreak of the war that it might be well to send all the regulars out of the country. Every man that had happened since, he added, had tended to consolidate the position of the country as regarded invasion. Its naval forces had increased and its defensive arrangements had been vastly improved, while the present form of warfare was against any project of invasion.

All these considerations, he argued, ought to protect the country from panic, and feed such thoughts as the proper use of the men now employed in home defense. He suggested that the younger men should be sent on active service.

"If our total effort is 5,000,000 men," he said, "it is evident, after every conceivable deduction has been made, that there is a large margin not yet usefully applied to the prosecution of the war."

One suggestion made by the colonel was

HER ROMANCE BROKEN
Girl's Faith in Athletic Fiance Shattered When Her Kin Charges Him with Fraud.

Miss Myrtle Johnson

Miss Myrtle Johnson, 3310 Evergreen avenue, is disillusioned. For three years she has been engaged to marry R. Victor Western, well known in athletic circles. Yesterday her grandmother caused warrants to be issued for the arrest of Western on charges of larceny by bailees and confidence game. Miss Johnson says she's through with Western.

abortion of officers' servants and grooms. He pointed out that there were 200,000 officers in the army, with an equal number of servants, and 60,000 grooms, an army of men.

Premier Asquith in the house of commons tomorrow will announce that the office of viceroy of Ireland has been abolished, according to the Daily Express.

REPORT NOTE ON THE WAY ASKING U. S. QUIT MEXICO.

Messenger Said to Have Left Carranza's Capital for Washington—Carries War Hint.

Washington, D. C., May 23.—[Special.]

It is again reported today that a note from the de facto government of Mexico to the government of the United States demanding the immediate withdrawal of the American troops from Mexico was dispatched by messenger from Mexico City today.

The note is said to state that "the Mexican people do not want war with the United States, but are ready for war rather than to have their national honor and sovereignty trampled upon."

The Mexican government "learns that more American troops continue to cross the border." This is looked upon as more than a mere punitive expedition and as a violation of national sovereignty.

One suggestion made by the colonel was

FOOD DICTATOR SAVES SUPPLIES OF ALL GERMANY

One Man Has Absolute Control of Question Raised by the British Blockade.

BERLIN, May 23.—"The adequate nourishment of our population is fully assured and will not be made doubtful by any blockade regulations of enemy states, no matter how unscrupulous they may be and no matter how long the war may last," says the semi-official North German Gazette in an announcement of the creation of a food dictator ship with sweeping powers.

"However the short harvest of 1915, together with reduced imports, have resulted in a food scarcity in some directions and efforts to better conditions have been hindered by the fact that each federal state has been able to make independent regulations. This will now be corrected by a centralization of power."

Probably never before have such sweeping powers been concentrated as are now granted Herr von Baitzki, the new food dictator. Various counselors will be assigned to represent agriculture, industry, trade, the military and the consumers, and representatives of the federal states and of associations connected with the war also will aid him.

He declared the attitude of the foreigners was directly responsible to the centralization inasmuch as it was unnecessary, he said, in view of Mexican cooperation, for the Americans to fortify themselves.

Gen. Gavira transmitted the complaint in the mayor charged the Americans were committing depredations, these consisting of throwing up fortifications on the property they had occupied, he said. He charged also that Gen. Pershing's men were coming into the town in violation of the agreement between the Carranza and Washington governments.

LOSES SUIT AS STRATTON HEIR TO \$11,000,000

Court Rules Mrs. Chellew Is Not Widow of Colorado Mining King.

Colorado Springs, Colo., May 23.—In the suit of Mrs. Sophia Gertrude Chellew, seeking the \$11,000,000 estate left by her late Winfield Scott Stratton, mining king, the court this afternoon declared that the woman was not the widow of Stratton, as she claimed. She was, therefore, deprived of any part of the estate.

Mrs. Chellew had claimed to be the widow's heir of the estate upon an alleged marriage to Stratton when he was a penniless Texas cowboy. Suit was brought against the trustees of the estate who announced an intention to prove that the alleged marriage never took place.

Claimed Marriage in 1874.

It was set forth by Mrs. Chellew in her suit that the marriage took place on Jan. 1, 1874, at the home of John Henry, next door to Augustine Tex, following their meeting at a cowboy's dance and that they afterward went to Fort Worth Tex., where she turned over to him \$10,000 with which to buy cattle in the Texas Panhandle.

Mrs. Chellew further declared that Stratton left her and she was afterward informed that he had been killed by Indians. Believing him dead, she married again.

Says Wedding Was Admitted.

Years later, the complainant set forth, she met Stratton in Leadville, Colo., and Stratton, then a millionaire, acknowledged their marriage, gave her some money, and promised her half of his estate by will.

Testimony introduced by the defense, including that of a relative of the complainant, sought to establish that the alleged marriage did not take place. Mrs. Chellew was barred from testifying upon the ground that she was an interested witness.

Stratton's fortune was founded upon his discovery of the famous Independence mine at Cripple Creek.

SEES AMERICA AS MOST RESPECTED OF NATIONS.

Henry Morgenthau, Ambassador to Turkey, paints United States in Brand New Role.

Neutral America, as the most respected of nations by the European powers, and especially by Turkey, was the picture drawn by Henry Morgenthau, ambassador to Turkey, in his speech before the Illinois Manufacturers' association yesterday at the Congress hotel.

"A year after the great war began," Ambassador Morgenthau said, "Europe generally was sick of the results that had been obtained. Every country had underestimated the strength of the opponent and each felt keenly the attitude taken by America. But we have won back their respect now, because they believe that we are honest and sincere."

"This is not hearsay. It is a conclusion drawn from personal conversations with the leaders of all the belligerent countries, including Germany. They fervently hope that we will be able to keep out of the war so as to be in a position to help later on."

CARDUI MAKERS SEEK TO IMPEACH DOCTOR'S STORIES

Attempt to Disprove Testimony Given in Libel Trial by Witnesses for American Medical Assn.

The Chattanooga Medicine company continued yesterday to do all in its power to disprove the testimony of the witnesses of the American Medical association, in the libel suit brought by the former against the latter in Judge Carpenter's court.

J. W. Knight, former member of the Florida state legislature, of Imbuna, Fla., denied the story told about his daughter, Mattie Knight, by Dr. H. O. Bird, who conducts a sanitarium at Trilly, Fla. Dr. Bird testified Mattie Knight had come to him for treatment, told him she had been using Wine of Cardui, but had obtained no relief. She was in such a bad condition, Dr. Bird said, that he refused to accept her as a patient.

Mr. Knight said his daughter had never taken Wine of Cardui and had never told Dr. Bird so.

ELKS, 2,500 STRONG, AT DANVILLE FOR CONVENTION

Today's Parade Expected to Be Two Miles Long—R. A. Platt of Galesburg for President.

Danville, Ill., May 23.—[Special] Twenty-five hundred Elks, representing practically every lodge in the state, are in attendance at the thirteenth annual Illinois Elks association convention, which began today. A special trainload of Chicago Elks arrived at 9:45 this evening. Every hotel is crowded to capacity and hundreds of Elks have been given accommodations in the residential sections.

A monster parade two miles long will feature tomorrow's program. The parade, including sixteen bands, will be headed by Col. J. H. Heffern of Bloomington. The Danville lodge has offered prizes aggregating \$1,000 for delegations participating in the contest.

Roy A. Platt of Galesburg, accompanied by a delegation of 100 is seeking the association presidency.

ELECTRIC TAXIS, TWELVE OF 'EM, FOR CHICAGO USE

THE HOUSE
MILITARY
OUTFITTERS

Member of Light Association
Says Chugless Car Is
Popular.

Electrical men, seeking more worlds to conquer, are planning an electric taxicab company for Chicago. They are going to open 100 miles and miles of railroad with electric locomotives in the next year or two. They foresee an amazing development of the electric steel industry. If there is anything that can't be done by electricity now, they are going to learn the reason why, and then "turn on the juice."

Now thousand of them are in Chicago attending a convention of the National Electric Light Association at the Congress and Auditorium hotels, and several of them number made the above statement at the opening sessions yesterday.

About Those Taxis.

A. Jackson Marshall, secretary of the electric vehicle section, told about the electric taxicabs.

"They have been operated in Detroit with great success," he said. "Seventy-five electric cabs are in commission there and they have proved to be the most popular vehicle in the electric vehicle industry. The American Electric Light company of Chicago has placed an order for twelve especially designed electric town cars, which will be put in operation Nov. 1."

E. W. Lloyd, president of the association, told of the successful electrification of more than 400 miles of the Chicago, Milwaukee and St. Paul's main line. This he said, probably will lead to a general adoption of the electrification plan by western roads in sections where water power is cheap and accessible.

Expansion Is Coming.

"We are facing an expansion in the electrical industry never dreamed of before," he said. "The chaotic conditions in Europe will tend to bring this about. America now leads the world in the production of electric steel."

Max Thompson welcomed the delegates in a brief address that combined business and politics. He submitted that private ownership of public utilities is a thing so far as the electrical industry is concerned, and praised particularly the Commonwealth Edison company's reduction in rates. Then he delivered several minutes to Justice Hughes, commending him to all to whom himself a presidential candidate.

"The wife of Clegg must be above suspicion," he said. "The American people can't take a chance of justice being confined in a justice of the supreme court."

The delegates will resume their technical sessions today and at night will hold their annual frolic at the Bismarck room, supplementing the regular program with stunts of their own.

OLEO "CAVE MEN" FOUND GUILTY

Defendants Take Colored
Oleomargarine from Vault
and Sell It as Butter.

EMPLOYEE TESTIFIES.

A jury in Judge Landis' court yesterday returned a verdict of guilty against Fred Marhoefer and Thomas Walsh on the charge of illegally coloring and selling oleomargarine as butter. Each defendant was found guilty on nine counts and is liable to a prison sentence of sixteen years or a fine of \$16,000, or both.

According to the evidence introduced by the government, Marhoefer and Walsh stored several thousand pounds of oleomargarine in a cave beneath their store at 3026 Lincoln avenue. From the cave the oleo was taken out and sold as butter.

Employee Chief Witness.

Tony Krause, an employee of the accused men, was the government's chief witness. He testified that the oleomargarine was colored in a loft and then stored in the cave.

The case has been on the federal court docket for two years. One hour after it had been given to the jury a verdict of guilty on all of the counts was returned.

Counsel for the convicted men made a

motion for a new trial and it was con-

tinued indefinitely.

May Have to Pay \$750,000.

A motion for a new trial was made by Federal Judge Ferdinand A. Geissler, the manufacturer of oleomargarine and butterine will be forced to go to trial and may be compelled to pay the government \$750,000, the amount due, according to the government, under the tax of 10 cents a pound on all colored oleomargarine.

GOTHAM 'PERILS' PROVE BUGABOO TO CLUBWOMEN

Attendance at Biennial Cut by

Scary List of "Don'ts"—

Session Opens.

New York, May 23.—The thirteenth annual convention of the General Federation of Women's Clubs of America opened here today with 8,000 delegates and alternates representing forty-eight states present, besides approximately 10,000 visitors, including the husbands of about 1,000 delegates. The three general sessions of the convention will be held tomorrow night, and at that time it is expected another 1,000 delegates and alternates will have arrived.

A list of "don'ts" sent to women's clubs throughout the country warning delegates against possible perils that might beset them in the metropolis was cited today by some members of the local arrangements committee as a factor in keeping down the attendance, which is not as large as anticipated.

Here's the Big "Scare." The "don'ts" suggested by the New York biennial board were:

"Don't select a hotel or place to board without advice."

"Don't call in a physician without advice."

"Don't go into a house if you are

suddenly taken ill on the street; look for a drug store."

"Don't engage a taxi or other conveyance except at authorized stations, and avoid riding alone at night if possible."

"Don't let your sympathy be influenced by any one in apparent distress; if you must help, first call a policeman."

"Don't accompany a stranger on any quest, however plausible, for many of the most vicious are apparently respectable."

"Don't carry all your money in one place and avoid displaying it in public."

"Don't forget to lock up money and jewelry when absent from your room."

Miss Wilson, Honor Guest.

The convention officially opened this morning at 10 o'clock with brief meetings of the department chairmen and the board of directors. The session tomorrow night will be held at the Seventeen Regiment armory, with Miss Margaret Wilson, daughter of the president, as guest of honor.

Today was "New Jersey day" and more than 600 delegates were to Orange, N. J., to attend a reception given by Thomas A. Edison and Mrs. Edison, one of the leading club women of her state.

The campaign for the presidency is being vigorously waged by the supporters of Mrs. Samuel E. Sneath of Tiffin, O., and Mrs. Josiah Evans Cowles of Los Angeles, Cal.

Interest in the presidential election深ened tonight when some of the 200 delegates from Illinois declared they will be prepared to introduce a new candidate. It was announced Mrs. John D. Sherman of Chicago as their favorite. She was recording secretary of the federation eight years ago.

Mrs. John Hays Hammond will give a luncheon to state presidents tomorrow, to which Mrs. Sneath has been invited.

SAYS FATHER HAD HER HELD PRISONER IN AN ASYLUM.

Miss Vera McAllen, former student at University of Minnesota, arrested as fugitive.

Miss Vera McAllen, a former medical student at the University of Minnesota, was arrested last night as a fugitive from an institution for the feeble minded at Fairbank, Minn.

As she sat in the woman's annex at the South Clark street station and told a story of having been held a prisoner for several months in a house on the outskirts of Minneapolis and then spirited away to the asylum two years ago, her dance, Evans Hill, a medical student employed by Sharp & Smith, dealers in surgical instruments, was frantically making an effort to bring about her release. They were to have been married next Saturday.

Miss McAllen is 22 years old.

"My father is the postmaster at Chelde, Minn.," she said. "It was he who had me placed in the institution at Fairbank. I don't know why he did it, unless it is to get possession of property left me by my mother and grandmother. My grandmother left me a 100 acre farm that is said to be worth close to \$50,000."

FORD EXPLAINS CHIEF CAUSES OF TOIL UNREST

Workers Get Too Little and the Wealthy Too Much, He Asserts, Citing Dangers.

(This is the second installment of the interview and close-up picture of Henry Ford. The third and last will be printed tomorrow.)

BY CHARLES N. WHEELER.

When Henry Ford woke up one morning to find that he had, not a few dollars in the savings bank, but millions, he realized that he at last had the power to do any of the things the rich men did when he was poor and a struggling mechanic—that is, do the things that the sheer power of great wealth can do.

Therefore, Ford perceived that with this power came also the privilege of saying anything he wanted to say and the knowledge that people would listen to him.

Overnight, almost, he had got the wealth and the independence—but not the scolded veneer—not the culture—not the so-called refinement. And about that he was not concerned. He treated it mostly as hypocrisy. Culture to him at that time was not what some man thought about a statue or a priceless water color painting, but how he looked up the "square deal" between all men.

HONEST WITH THE WORLD.

Ford's idea of refinement is to be honest with the world and have no secrets.

"Secrets are bad," he said. "They are especially bad for big men, as you call them, in the business world. Why should any one have secrets if he is honest? Why should he care who knows what he knows?"

Therefore, also, some of the following views of things:

Ex-convicts make the best employees. He has 600 of them.

Churches in cities don't do much good. Best thing the country churches do is to bring the boys and girls together so they can "mate up."

Woman's place is in the home. Has no objection to her voting, but not interested in it.

Put cigarette smoking youths in the "white slave" class.

Never reads the boosters—only the lauders.

NEVER NEVER HELPED HIM.

"A boat never helped him," he said. "They never set to me now. My secretaries put them in the furnace. But I had the knocks. I know I don't know it all, and now and then one of these subversive scribblers says something that gives me a new idea. Sometimes they show me where I am wrong, and I can correct it. I learn from the knocks. So if you want to help me, knock. Too many times the boosts are not on the square. Neither are the knocks. But the fellow who knocks sometimes shows me a weakness on my part. That helps."

He smiled.

"Now, I want to tell you one other thing. I think most of the newspaper writers—I mean the men who are writing things—are on the square. You have to write things the way you are told. But these newspaper owners, say—" and he burst out with a little laugh and waved his hands as if pushing something away from him.

"I'd like to have the say of what would happen to the newspapers," he went on. "Do you know what I'd do? I'd suppress about half of them tomorrow. The other half I would make tell the truth. To suppress them, I would have the government hire a page in every newspaper in the United States and make that news-

paper print the day's record of congress every day, so the people could find out what's going on down there."

"You know the trouble is that the people don't get the truth. The newspapers don't tell the truth, because their stockholders or their directors, or some friend of some stockholder or director, has a pull."

HIS OPINION OF "TRIBUNE."

"Would you say that is your opinion of *The Chicago Daily Tribune*?" I asked.

"Well, now, that's the *Truth*," he said. "I guess you do give the *Truth* a pretty square deal on the news pages. But you're all wrong on the editorial page. That's because your editors out there have been associating with national guardsmen or running around with the war lords. I suppose they are sincere, but they're wrong."

"But," and he whirled around in his chair, "I guess you do give the *Truth* a pretty square deal on the news pages. But you're all wrong on the editorial page. That's because your editors out there have been associating with national guardsmen or running around with the war lords. I suppose they are sincere, but they're wrong."

"But," and he whirled around in his chair, "I guess you do give the *Truth* a pretty square deal on the news pages. But you're all wrong on the editorial page. That's because your editors out there have been associating with national guardsmen or running around with the war lords. I suppose they are sincere, but they're wrong."

"But," and he whirled around in his chair, "I guess you do give the *Truth* a pretty square deal on the news pages. But you're all wrong on the editorial page. That's because your editors out there have been associating with national guardsmen or running around with the war lords. I suppose they are sincere, but they're wrong."

"But," and he whirled around in his chair, "I guess you do give the *Truth* a pretty square deal on the news pages. But you're all wrong on the editorial page. That's because your editors out there have been associating with national guardsmen or running around with the war lords. I suppose they are sincere, but they're wrong."

"But," and he whirled around in his chair, "I guess you do give the *Truth* a pretty square deal on the news pages. But you're all wrong on the editorial page. That's because your editors out there have been associating with national guardsmen or running around with the war lords. I suppose they are sincere, but they're wrong."

SUFFRAGE UNION TO GIVE A BALL AT ICKES' HOME

Affair Will Be Just as Exclusive, Too, 'Tis Said, as Rival McCormick Function.

A counter social attraction to the convention ball at the Harold McCormick residence is to be given by the Congressional Union at the home of Mr. and Mrs. Harold Ickes in Hubbard Woods. According to the Congressional Union women, it is to be even more exclusive than the party of their rival organization.

No word has been received from Mrs. Potter Palmer regarding the request that she give her house and garden for a site and that plan has practically been given up. Mrs. Ickes consented yesterday to the affair at her residence. The date will be either Monday, June 6, or Tuesday, June 7. The convention ball of the Chicago Equal Suffrage association will be held the night of June 6.

Some Guests at Union's Ball.

Mrs. O. H. P. Belmont, who has just made a gift of \$2,000 for expenses of the convention, will be principal guest at the union's party. Among those who will be present are Miss Alice Paul, chairman of the Congressional Union; Miss Lucy Burns of New York, Mrs. John W. Branigan of Washington, Mrs. William Kent of California, Miss Anne Martin of Nevada, Mrs. D. A. Aschou of Hartford, Conn., Mrs. Bertam Sippy of Chicago, Mrs. Charles W. Kaysor of Wheaton, Miss Maude Young of California, Mrs. Inez Milholland Boeschen of New York, Mrs. Anna Eashman of New York, Mrs. Charlotte Perkins Gilman of New York, Mrs. Jeanie Law Hardy of Michigan, Mrs. Phoebe Hearst of California, Miss Helen Keller, Mrs. William Gross Lloyd of Winnetka, Mrs. William Prendergast of New York, Mrs. Julius Rosenwald of Chicago, Mrs. Harvey W. Wiley of Washington, and

Mrs. Elizabeth Lowe Watson of California.

Five Function Arranged.

And operation of rival social functions, in the parallel group may have some right in their own mind. The state organization is going to have a "democratic affair" on June 6 on the municipal pier, as opposed to the exclusive function at the McCormick residence on June 6. Everybody is invited to the pier party, and there will be no fee, as at the other party. In fact, there will be no fee at all.

"It is not to be exclusive, with a great list of the select" said Mrs. Harrison M. Brown, president of the Illinois Equal Suffrage association. "It is to be for all the delegates to the Republican convention, their wives, and all women in Illinois."

Amidst the general confusion, will receive invitations to the convention ball are A. J. Beveridge, William Allen White, Victor Murdock, George W. Perkins, Mrs. William N. Nelson, Mr. and Mrs. Thomas A. Edison, Mr. and Mrs. Nicholas Longworth, George Ade, William E. Roosevelt, Theodore Roosevelt Jr., Lawrence A. Abbott and Miss Anna Morgan.

Where the Visitors Will Sleep.

Accommodations for 4,000 paraders have been made by the hospitality committee of the Illinois Equal Suffrage association.

T. R. GREETED IN WASHINGTON

Visit Puts Keen Edge on
Roosevelt Presidency
Boom.

POLITICS SPEEDS UP.

(Continued from first page.)

spread opinion in the country that the party cannot be any too confident of defeating President Wilson unless it picks either Hughes or Roosevelt as its leader.

Penrose and Crane and some others think thus. Boss Barnes of New York and his following are saying that Wilson will be so easy to beat that any of the lesser Republican candidates will be eliminated there would be a scramble.

Here Sherman Looms Up.

If both Hughes and Roosevelt should

the bill. They are for Root. Of course, the bill narrows down to Hughes and Roosevelt they will fly to the left. The bill is to be the last of their species, recognized even by others than the great faunal naturalist as deserving relief and lots of it.

Some Jockeying on Bill.

Right here is where the game becomes interesting. There is going to be some maneuvering on the part of the convention preceding the balloting. If the Hughes men believe they have a majority they will try to win the nomination on the first ballot. If not, they will hold off, awaiting the psychological moment, while the other aspirants try their chances.

The danger is that if the Hughes candidacy becomes the bone of contention Mr. Hughes may withdraw his name. That would leave the choice between Roosevelt and one of the favorite sons, and the emotions of the "old guard" under such circumstances can easily be imagined.

For this reason the Hughes candidacy will be nursed along with great care if Roosevelt appears to be a formidable antagonist when the convention meets.

Here Sherman Looms Up.

If both Hughes and Roosevelt should

among the favorite sons. In this connection it may be remarked that Senator Sherman is looking up as the candidate of the left. He would be a good one for the last of their species.

Root, Weeks and McCloskey are regarded as unavailable because of their weakness in the Progressive west. Burton is practically out of the reckoning. Sherman is the only one of the remaining western candidates who appeals to the eastern Republicans.

The character of the Republican platform is receiving a good deal of attention these days. Senator Lodge of Massachusetts is slated for chairman of the resolutions committee and is drafting the tentative platform.

The danger is that if the Hughes candidacy becomes the bone of contention Mr. Hughes may withdraw his name. That would leave the choice between Roosevelt and one of the favorite sons, and the emotions of the "old guard" under such circumstances can easily be imagined.

For this reason the Hughes candidacy will be nursed along with great care if Roosevelt appears to be a formidable antagonist when the convention meets.

Here Sherman Looms Up.

From other sources it was learned that

several members of the resolutions committee will favor postponing the adoption of a platform until after the candidates are chosen.

Colonel Stars Laughter.

In his testimony at the Riggs trial Mr. Roosevelt said he had known the defendant for twenty years.

"My acquaintance has been intimate with Mr. Glover socially, and has been as good as to give me a thorough knowledge of his business and standing.

Mr. Glover was often a guest at our house, also while I was at the White House. My children constantly visited him at his home, including his country house. I knew him especially well in philanthropic work, but I never had much political talk with him. I do not know what his political relations were in 1912. I know, however, that he was either for Mr. Wilson or Mr. Taft. At any rate, I know he was against me."

The audience laughed again and again at this tally.

Under questioning he went on to say of Mr. Glover:

"My general knowledge of Mr. Glover by common report, by universal report, that his business integrity was such as to inspire confidence, was such that I and my children kept our accounts in his bank."

SOUTH'S REVOLT ON DELEGATES FRETS THE G. O. P.

Representation Under the New
Rule Promises to Stir Up
Convention Row.

Southern rebellion against enforcement of the restricted representation rule of the Republican national committee rapidly approaches a crisis.

It is now known that organization leaders are worried over prospects of a fight that will start with the first national committee session, one week from Thursday. It is quite likely to cover each of the southern states that were most vital in affecting, as well as New York, the northern state to lose delegates by the rule.

Actions of former Postmaster General Frank H. Hitchcock in state and district conventions below the Mason and Dixon line, said to have been in the interest of Justice Hughes, are reported to have been responsible for a quiet agreement among southern anti-Hitchcock leaders to pool issues, make a fight for full representation, take possession of the additional delegates in the contest is won, and spoil some carefully laid plans of Mr. Hitchcock and his principals.

Expect Aid of Anti-Hughes Men.

The story is that these southern Republicans will have the cooperation of anti-Hitchcock and anti-Hughes leaders in the New York delegation and assistance of certain other northern states, while leaders want a return to the 1912 conditions, as preparatory to the convention of 1920.

Secretary James E. Reynolds of the national committee said that the probable result will be the renewal of the movement to restrict further the voting strength of the Democratic states.

Texas Starts Now.

The row is precipitated by action of the Texas state convention in demanding full representation. Texas bases its claim upon the language of the state primary law, which provides distinctly that each congressional district shall elect its national delegates.

Texas is permitted to get by with its claim for more votes," a party leader said, yesterday at the Congress, "the national convention cannot deprive other southern states of the same privilege, and if the south gets its full quota of delegates under the 1912 apportionment Mr. Hitchcock will find that his scheme to hand pick the southern representation will be kicked into the lake. Likewise it is good night for the Hughes boom, if he has to depend for sustenance upon southern votes."

Trouble Spreads in Alabama.

Secretary Reynolds received telegraphic notice that delegates at large and delegates from the Birmingham district are to be contested, probably to be followed by contests for the entire state of Alabama, involving sixteen seats, and bringing the total of contests well above the 1912 mark.

This is believed to be a part of the under-cover scheme to force the issue of full representation, although earlier re-

POLITICAL POT'S BUBBLES

Notes on Some of the Things Being Done and Those Doing Them in the Big Campaign Game.

Frank H. Hitchcock, former postmaster general and leader of the Taft delegates in 1908, will have headquarters open at the Congress beginning June 1. He is having for the Congress this season, the reports say.

The reason that has been rendered for Harry D. Estabrook, anti-Hughes candidate for the Congress, has been turned over by the Congress hotel management to T. Coleman Du Pont of Delaware, and the posters have figured that Estabrook is now among the missing as a presidential aspirant.

The North Dakota delegation has secured rooms at the New Southern hotel, Livingston, Montana, and Oregon will establish their headquarters at the Hotel Sherman, Georgia, will be at the Victoria. Maine has secured rooms at the Congress.

Charles A. McMillan, vice, named manager of the Sherman headquarters to be established Monday in the gold room of the Congress by the 1916 club. The schedule of arrangements for becoming the Illinois candidate is to be prepared.

A general meeting of the mayor's entertainment committee, in charge of social features that are making for the Republican and Progressive delegations, is set for tomorrow night at the Hotel XVI, room 100 of the Hotel Le Salle. An informal dinner is to be served.

At a meeting of German-American clergy and Frank H. Hitchcock in state and district conventions below the Mason and Dixon line, said to have been in the interest of Justice Hughes, are reported to have been responsible for a quiet agreement among southern anti-Hitchcock leaders to pool issues, make a fight for full representation, take possession of the additional delegates in the contest is won, and spoil some carefully laid plans of Mr. Hitchcock and his principals.

TAGGART SWATS PORK BARREL AS SENATORS GASP

New Hoosier Member Says He
Won't Stand By and See
Treasury Robbed.

James Wilson, Four Times Secretary of Agriculture, Says There
Is a Lot of Good G. O. P. Timber.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., May 23.—(Special)—Declaring that he was unwilling to stand by and see the government treasury robbed by his colleagues, Senator "Tom" Taggart of Indiana today pitched into the fight in the senate against the \$43,000,000 river and harbor pork barrel bill. Senator Taggart, after announcing that he favored a comprehensive system of waterway improvement, said:

"I am unalterably opposed to the improvement of every little creek, bay, inlet, sound, and river at the expense of the United States treasury."

The senators who had been fighting the pork barrel were just as surprised as those who had been fighting for it. As Taggart continued, the entire senate gave him attention.

Part Good, Part Bad.

"With the bill in its present shape," he said, "I do not see how I can give it my support. I do not consider it my duty to vote for every measure which is presented to the senate. On the other hand, I consider it to be my duty to vote only for those measures which when enacted into law will be to the credit of the nation."

The battle against the pork barrel was short lived today because the senate went into executive session early in the afternoon. It will be resumed tomorrow, when the motion to cut the bill in half will be offered. If the Republicans support this motion, it will be carried as already Senator Taggart of Indiana, Senator of South Carolina, Thomas of Colorado, Hubbard of Wisconsin, Hitchcock of Nebraska, and Pomeroy of Ohio, Democrats, have promised to vote for it. Senator Lewis of Illinois was undecided tonight whether to support the reduction or not.

THE DAY IN CONGRESS

Senate

Met at noon.

Resumed debate on rivers and harbors appropriation bill.

Motion to reconsider unfavorable vote on confirmation of George Rublee as member of federal trade commission was voted 35 to 38.

Recessed at 5:45 p. m. to 11 a. m. Wednesday.

House

Met at 11 a. m.

Passed Porto Rican bill after striking out amendment granting woman suffrage.

Resumed consideration of the district appropriation bill.

Adjourned at 5:30 p. m. to 11 a. m. Wednesday.

law will give to the people benefits at least equal to the cost of procuring them.

This bill has many worthy objects in it which commend themselves to me, but it has many items which seem wholly indefensible.

In closing his remarks Senator Taggart said:

"I heartily concur in the opinion expressed by the senior senator from South Carolina the other day that it would be well to spend the money we propose to appropriate in this bill for battleships and not for snagging creeks. And I am sure the people of the country agree in this view."

Resume Fight Today.

The battle against the pork barrel was short lived today because the senate went into executive session early in the afternoon.

It will be resumed tomorrow, when the motion to cut the bill in half will be offered. If the Republicans support this motion, it will be carried as already Senator Taggart of Indiana, Senator of South

Carolina, Thomas of Colorado, Hubbard of Wisconsin, Hitchcock of Nebraska, and Pomeroy of Ohio, Democrats, have promised to vote for it. Senator Lewis

of Illinois was undecided tonight whether to support the reduction or not.

Part Good, Part Bad.

"With the bill in its present shape," he said, "I do not see how I can give it my support. I do not consider it my duty to vote for every measure which is presented to the senate. On the other hand, I consider it to be my duty to vote only for those measures which when enacted into law will be to the credit of the nation."

J. R. THOMPSON COMPANY BUYS LOOP LEASEHOLD

High Glass Restaurant Building to Go Up at 69-71
West Monroe Street.

An interesting transaction in the downtown district closed yesterday was the purchase by Walter H. McDonald of the leasehold interest and building at 69-71, West Monroe street. The lot is 22 x 37 feet front, with a depth of 190 feet, between Dearborn and Clark streets, and is improved with a five-story building.

The consideration is not disclosed, but the statement is made that the property has been offered at \$80,000. The land belongs to William L. Goodman and was under a lease to Thomas McGinnis for ninety-nine years from May 1, 1905, at an annual rent of \$6,500.

Mr. McDonald acquired the interest of Mr. McGinnis last year. The transfer was contested in the courts.

Site Valued at \$241,585.

In this connection it is interesting to note that a corresponding parcel, adjoining on the east, is under lease for ninety-nine years from April 1, 1911, to Wett, Friends & Mathes, druggists, at an annual net rent of \$10,000.

The property at 69-71 was valued by the board of review at \$241,585, of which \$226,585 is in the land.

It is announced the Thompson company will improve the premises with a high-grade building adapted to restaurant purposes. John R. Ackerman and E. Orris Hart & Co. were the brokers in the transaction, while Elmer Schlesinger represented the Thompson company in a legal way.

E. J. Rose Gets Rest of Site.

A year or more ago a deal was closed by which Emilie J. Rose acquired an undivided three quarters interest in the property on the west side of Clinton street with a frontage of 165 feet, extending south to Jackson boulevard, on which it has a frontage of 106 feet, and north to Quincy street, on which it fronts 158 feet. The consideration was \$100,000.

Mr. Rose has acquired the remaining quarter interest, and while the consideration is withheld it is believed to be \$100,000, making \$300,000 for the entire holding.

The purchase is said to have been largely influenced by the belief that values in that vicinity are certain to be materially advanced by reason of the new Union passenger station.

\$70,000 Loop Loan at 4% for Cent.

A notable loan in the downtown district was made yesterday of record yesterday. It was made by the Chicago Title & Trust company, trustee to the estate of Edwin P. Gillette, for \$70,000 five years at 4% per cent and is secured by the fee under the Hartford building at the southwest corner of Dearborn and Madison streets, 92 x 250 feet. It is interesting as being the lowest rate which has been made since the beginning of the war.

The same trust company is also trustee in a loan of \$36,000, five years at 6 per cent, to Jeremy Kelley on the Magnolia Apartments at 4876-84 Magnolia Avenue.

S. C. Iverson of Hibbard Porter & Bro. has leased for Julia F. Porter and James F. Porter to the Val Blatz Brewing company of Milwaukee the store and basement at the southeast corner of State and Lake streets, 142 x 2 feet, for a term rent of \$20,000.

Shirt Company Gets Loop Store.

Willis & Frankenstein have leased for the Washington Shirt company to George V. Weisheit the store in the Magnolia building at 52 East Monroe street for a term from August 1 at a term rent of \$21,000. The store will be used in connection with that at 32 South Wabash avenue.

F. J. Graham is trustee in a loan of \$35,000, five years at 6 per cent, to the Clore & Provo Ice company on property in the village of Ridgeland.

The high grade six apartment building at 855-67 Anable street with 70 x 120 feet of ground has been sold by Karl G. MacVane and W. C. Evans for a reported consideration of \$32,500, subject to an encumbrance of \$15,000. Paisley & Walker represented both parties to the transaction.

\$120,000 Loan on Apartments.

The Chicago Title & Trust company is trustee in a loan of \$120,000 seven years at 6 per cent, to Michael Giardino, secured by the Lafayette apartments at the northeast corner of Magnolia avenue and Lafayette street.

Charles Salingar et al. have sold to N. C. Sauerbier the flat property in Logan boulevard 428 feet west of Sacramento avenue, lot 60 x 120 feet, north front, for an indicated consideration of \$36,000, subject to an encumbrance of \$36,000.

T. F. O'Connell has sold to John Johnson the six flat building on Dearborn avenue of ground at 4945-49 Kenmore avenue, between Monroe and Buena avenues, for a reported consideration of \$21,000, subject to an encumbrance of \$12,000.

There was a large attendance at the "jollification" luncheon of the Cook county real estate board at the Hotel

**PROMPT AID FOR
AILING SKIN**

Poslam and Poslam Soap Always Soothing, Comforting, Healing.

**LOOKOUT FOR
YOUR SKIN**

Poslam and Poslam Soap can do as much for ailing skin. These splendid products are ready to serve you safely, comfortably. If you need them, use them with every confidence. For aching, remedy, heals with a resilience often amazing. It stops all itching when applied, and in cases of skin trouble, works improvement usually visible every day. Poslam is quick to act. For pain and minor blemishes treatment is very little.

Poslam Soap is doubly agreeable, doubly beneficial to the skin because medicated with fine oils.

The sample sent us comes to Emergency Laboratories, 22 West 25th Street, New York City. Held by all druggists.

—Advertisement.

Sherman yesterday. It was the last luncheon before the summer vacation, and a special feature was that it was given in honor of the first 100 members of the board. In addition to a vaudville program, short talks were made by Chairman of the luncheon committee, F. L. Dean, President Robert E. L. Brooks, and former Presidents Albert Wahl, Richard W. Wolfe, and James W. Hedenberg, as well as Ralph Bedaux, Paul Hart, and Charles Adams.

A special meeting of the Chicago real estate board will be held this afternoon at 2 o'clock when a report will be submitted by the special committee of the board on the proposed \$5,100,000 bond issue for bridges to be voted for at the approaching judicial election. Action will also be taken regarding the proposed pre-paresade parade and participation on the part of the board.

EXPRESS STRIKE NEARS AN END; HALF TO RETURN

Drivers Signify Willingness to Take Old Jobs, It Is Said, Without a Raise.

The beginning of the end of the express wagon drivers' strike was seen yesterday when it was declared almost half of the striking employees of two big companies had signified their willingness to return to work.

No condition was outlined by the strikers, and it is believed they will be given their former jobs at the regular scale of hours and wages.

The strike situation, according to employers, has "simmered down" to less than the city's "professional" agitators who are still insisting that the express companies will be unable to do business until they come to "terms." During the day the "embargo" on express shipments into Chicago was lifted for a radius of fifty-five miles.

Goods Begin to Come In.

Produce dealers and South Water street merchants began to receive goods late in the afternoon from farmers for the first time since the strike was called.

Express company officials declared the shipping industry would be normal within four hours.

From the viewpoint of the union organizers the strike, although apparently lost, has accomplished much toward uniting the employees. They blame their defeat to the "unsympathetic" attitude of other union men, who did not work in conjunction.

No Rise of Prices.

Fear that the strike would cause a rise in the price of various farm products was declared unfounded by Frank Hellman, a South Water street merchant, who headed a committee with the purpose of bringing about an adjustment of the trouble.

Another strike which ended with the volume of work reduced to a minimum was that of the piano trade workers in the factory of the W. W. Kimball company, Twenty-sixth street and Marshall boulevard. Officials admitted a slight raise in salary was contemplated if all return, but it would not be the 20 per cent asked for.

Threats of a strike were made last night by the Journeyman Horseshoers' union when the union's committee of ten men failed to agree with the committee of the Master Horseshoers' Protective association.

John Gregor of 1820 West Thirty-second street and Joseph Egan of 6720 West Twelfth street, said to be striking garage workers, who threw bricks at strikers, were arrested after four shots were fired to frighten them.

LONG CHAIN OF MISCONDUCT

Dr. W. Pingree Curtis Merely a Friend, Says Girl in Involved Divorce Case.

"Dr. W. Pingree Curtis and I were only friends," testified Miss Anna Cavanaugh yesterday before Judge McDonald during the hearing on the divorce suit of Miss Juliette Curtis, who accuses the physician of misconduct.

The cross bill of Dr. Curtis makes the same charge against his wife, naming her brother-in-law, John Butler, who, according to Dr. Curtis, will today be a witness for him.

NEW BISHOP FOR CHICAGO; OTHER M. E. CHANGES

Dr. Nicholson Assigned to the Episcopacy in This City; McDowell to Washington.

Saratoga Springs, N. Y., May 23.—The twenty-five bishops of the Methodist Episcopal church were assigned to their new episcopal residences at a special meeting of the episcopal committee of the general conference tonight.

The seven bishops who were elected last week received these assignments: Thomas Nicholson to Chicago, Ill.; Adam W. Leonard to San Francisco; Matt S. Hughes to Portland, Ore.; Franklin Hamilton to Pittsburgh, Pa.; Charles B. Mitchell to St. Paul, Minn.; William F. Oldham to Buenos Aires, South America.

Herbert Welch to Seoul, Korea. The following transfers have been made: Frank M. Bristol from Omaha, Neb., to Bristol, Tenn.; Homer S. Stunts from South America to Omaha, Neb.; William A. Quayle, from St. Paul, Minn., to St. Louis, Mo.; William F. McDowell, from Chicago to Washington, D. C.; Edwin H. Hughes from San Francisco, Cal., to Boston, Mass.; Richard J. Cooke from Portland, Ore., to Helena, Mont.; Theodore S. Henderson from Chattanooga, Tenn., to Detroit, Mich. The residence of Bishop William O. Shepard has been transferred from Kansas City, Kan., to Wichita, Kan.

Indorse Suffrage. The conference today went on record as indorsing woman suffrage and vigorously discussed consolidating the church periodicals published at Cincinnati, Kansas City, and Chicago into one paper to be published at Chicago.

The conference also decided to postpone the consecration of bishop from tomorrow to next Sunday afternoon, thus making certain that the conference will not adjourn until at least next Monday night. Beginning tomorrow there will be three sessions every day.

The Rev. Dr. Eben S. Johnson of Sioux City, Ia., received practically a unanimous vote for missionary for Africa.

CARSON PIRIE SCOTT & CO.

50 Best Quality
Fibre Reed Wing
Rockers, \$8.25
(Also Chairs to Match)

They are finished in a soft, neutral shade of brown, with broad, restful arms, with a pocket on one side for papers, magazines or sewing.

Just the rocker for the living room, sun parlor or the porch—and just fifty of them to sell at \$8.25 each.

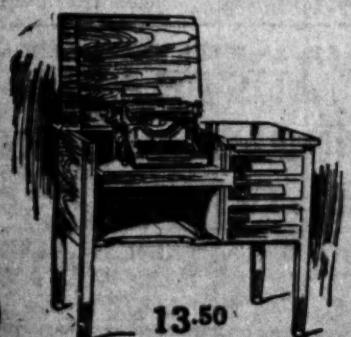

Sixth Floor, North Room.

Revell & Co.
Special Sale
A Factory Stock of
Office Desks

Business men will find it decidedly worth while to inspect these savings that are possible in this sale.

Final shipments of this great purchase have now been received.

With liberal material costs advancing, we doubt if these prices will ever be duplicated. We illustrate below one of the bargains.

13.50

Golden Oak

This typewriter desk is substantially built of golden oak with quarter-sawn oak top. It has extensive slide and legs are equipped with leather seats. Will accommodate any standard machine. Sales price, \$13.50.

Our display of typewriter desks is the largest complete in the city. Our prices the lowest.

COMPARE! COMPARE!

ALEXANDER H. REVELL & CO.
Cor. Wabash Ave. and Adams St.

and the Rev. Dr. Alexander P. Campher, colored, received a like vote for missionary bishop of Africa to have supervision in Liberia.

The laymen met today and voted, 80 to 7, in favor of the admission of laymen into the annual conferences. The matter will be brought before the general conference, and if it carries will be sent to the annual conferences for their votes. It seems to be certain that Dr. Abram W. Harris, president of Northwestern university, will be elected secretary of the board of education as the successor of Bishop Thomas Nicholson.

Marie Church Report.
Judge Henry Wade Rogers will report for the judiciary committee in the case of the Trinity-Marie controversy. Chicago, that on condition Trinity church drops its suit against the Rev. J. M. Wheaton and others connected with the Marie church and will turn the property over to the Chicago City Missionaries, unless the general conference will withdraw its strictures against Trinity.

The Rev. Dr. Wilbur F. Sheridan and the Rev. Dr. Dan B. Brummitt, both of Chicago, were speakers tonight at a big rally of the Epworth league.

END OF HETEROODOXY CHARGE REACHED BY PRESBYTERY.

Committee to Report Agreement Pronounced Satisfactory to All in Union Seminary Case.

Atlantic City, N. J., May 23.—The committee on bills and omissions of the Presbyterian general assembly tonight reached an agreement on the charges of heterodoxy against the New York presbytery and Union seminary. It will be reported tomorrow.

Dr. J. Ross Stevenson, the chairman, said the agreement was "satisfactory to all."

A merger of the board of education and the college board was agreed upon by the assembly today after a long discussion. It was adopted by an overwhelming majority. The plan provides for the utilization of an entirely independent corporation to be created either under a general law or by a special statute in one of the states where such legislation is permissible.

DIVORCE EVIL IS BAPTIST TOPIC

Convention at Minneapolis Frowns on Pastors Who Wed Those Separated.

ASK DRY AMENDMENT.

Minneapolis, Minn., May 23.—The divorce question was the subject of sharp debate at today's session of the northern Baptist convention, but finally was disposed of by the adoption of a resolution disapproving the action of ministers who officiate at the marriage of divorced persons.

The convention, which completed its business and adjourned tonight, one day earlier than had been planned, also adopted

resolutions favoring a permanent peace program, freedom of the press, and recognizing the right of labor to organize and demand fair treatment both in wages and working conditions. Congress was petitioned, in another resolution, to pass a liquor prohibition amendment.

Urge Divorce Law Changes. It was only after several proposed amendments had been voted down that the divorce resolution was adopted. As offered, the resolution also called for the remodeling of the divorce laws.

"Some one here has quoted the phrase, 'What God hath joined together,'" said the Rev. F. R. Margets of Spokane, Wash. "I want to say that I believe God has nothing to do with a large percentage of marriages, especially those that lead to the divorce court. God is not a party to marriages for title, nor marriages for money. We are beginning at the wrong place to correct this evil. We should work for stricter marriage laws and more thought by marrying couples."

Ray Catholic Demands. Another resolution read:

"We reaffirm our traditional doctrine and condemned specifically the use of 'beer and egg' as spring tonic."

CONDENM "BEER AND EGGG."

Cumberland Presbyterians Also Urge National Prohibition Amendment.

Birmingham, Ala., May 23.—The general assembly of the Cumberland Presbyterians ended its eighteenth annual meeting tonight after adopting a resolution favoring a constitutional amendment for national prohibition and approving a committee report which deplored that a large number of women had formed the habit of using alcoholic drinks and condemned specifically the use of "beer and egg" as spring tonic.

CARSON PIRIE SCOTT & CO.

The All-White Hat of Summer

Special Groupings at \$10 to \$20

White Gauze Hats—White Embroidered Hat With Flower and Feather Garnitures.

Flimsy sprays of ostrich, clouds of silk tulle, great white roses, the very incarnation of summer, are the trimmings—applied artistically to broad, becomingly brimmed hats—picturesque, charming—and interestingly

—Priced from \$10 to \$20

Fifth Floor, South Room.

Men's Sale

THIS is a sale founded on quality—the event of the season for men and young men particular about the clothes they wear. This is a sale conspicuous for the values it offers, for the variety of the stocks of men's merchandise involved, for the pricing of men's clothing, shirts, neckwear, underwear, hose and shoes, of the same standards which have made this Men's Store so well thought of among men and young men in Chicago, especially this season.

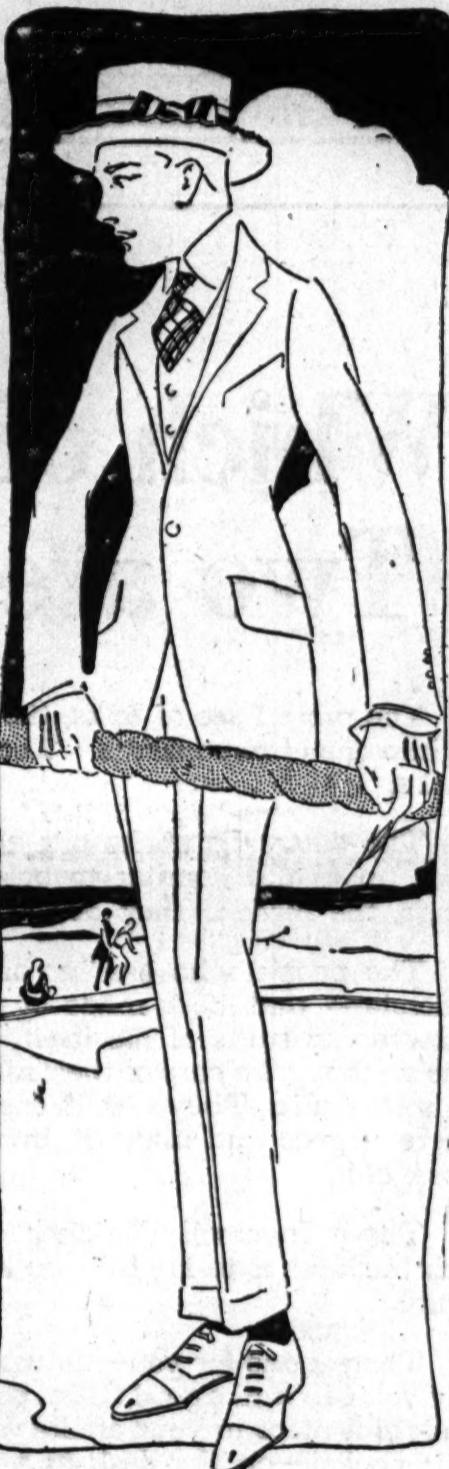

Men's New Suits, \$18.50 and \$25

Styles for the young man, styles for the man of mature years, sizes for all, in all proportions—and new colorings, scores of them, in stripes, checks, plaids, rich mixtures and the plain weaves.

WEDNESDAY, MAY 24, 1916.

HEALEY ALLOWS
VICE TO SPREAD,
REPORT STATES

Committee of 15 Has Proof of
Police Graft, Super-
intendent Says.

EVIDENCE GOES TO HOYNE.

A scathing indictment of Chief Healey's administration of the police department is contained in the annual report of the Committee of Fifteen, which was made public yesterday on the occasion of the committee's annual meeting in the Hotel Le Salle.

Superintendent Samuel P. Thrasher, who wrote the report, charges that the police, instead of cooperating with the Committee of Fifteen, have connived with the vice interests. The committee has such incontrovertible evidence as ditigraph records, he says, of "inconsistency and positive corruption" on the part of police. This evidence has been turned over to State's Attorney Hoyne.

Telephones Not Disturbed. Chief Healey himself is warned that his first duty is to "drive the crooks out of the police department." Mr. Thrasher complains that the chief has in no instance asked the telephone company to remove telephone instruments from dive resorts.

We have yet to hear of the first effort by the police department to invoke the law of the injunction and abatement law. Mr. Thrasher says: "Except for the Committee of Fifteen, so far as Chicago is concerned, this law would be a dead letter."

Graft Protects Vice.

"We may unequivocally state that without exception with the police, corruption is rampant in Chicago. For even there have been instances recently when the police were taking graft for running vicious resorts. While we believe that it is true to some extent, we believe that we had no idea of the boldness of the operations of the police."

"We have found policemen going personally and collecting tribute from women, and giving evidence of their willingness to protect vicious resorts by taking the helpers to the Morris court to point out certain officers of the law against whom the women were to be on guard."

"We have dictated records of conversations and records of telephone conversations, and we have been able to ascertain that this system of graft is in vogue in all sections of the city where vice is prevalent. This evidence is now in the hands of the state's attorney awaiting his action."

Debt Folk Alarmed.

"The decent people of Chicago are alarmed at the marked increase of vice, dice, balls and cabarets. When police with the vicious organs that take place in these amusement centers without interfering, the neglect of official duty is plainly evident."

Existence of vicious resorts near schoolhouses is referred to as "one of the most abhorrent conditions with which the committee deals."

Courts Also Blamed.

"The courts are blamed for failure to enforce the so-called Kate Adams law, which provides that delinquent girls be sent to some institution in order that the hand of those who profit off them may be broken."

"It is true," the report states, "there have been some commitments, but it seems to be the opinion of some of the judges that this law is unconstitutional and that it is impossible to be enforced until the higher court rules to the contrary, they have expressed the opinion that the law is technically wrong."

"Until the courts made it known that there was a question about the constitutionality of this law, there was considerable consternation in the underworld and many houses of prostitution were abandoned by their keepers."

Due to Sustain Law.

"It is the plain duty of the committee to see to it that this law is sustained or a new one passed which will accomplish the same."

Mr. Thrasher recommends that the penalty for operating a house of prostitution be made the same as that for pimping.

The following directors were elected for the ensuing year: Edward P. Bailey, Dr. Arthur D. Bevan, Mrs. Emmons Bima, Dr. W. A. Evans, Henry H. Hill, George F. Porter, A. W. Sherer, Edward M. Skinner, Miss Harriet Sherer, and A. Stamford White.

Too Old to Learn
from Books Again,
He Ends His Life

James Dickson, 63, Studies
Hard for Mail Tests;
Fails, Then a Bullet.

LEFT BEHIND THE TIMES

The modern star of wisdom, an incandescent light, was nightly for many weeks in the home of James Dickson, at 131 Foster avenue, and under it a gray haired man hunted for the knowledge which would bring him belated advancement, more money, and power.

James Dickson had seen wealth and industry throw up a brick city around the secluded place he had selected to build his home thirty-five years ago. It was the only house on Foster street between the lake and Robey street when he built it. Now it stands resplendent back from the sidewalk, completely out of tune and with the rest of the neighborhood.

Recently, a neighbor, who moved in made his acquaintance. A few workers saw him in the morning going downtown for his "run" as a railway mail clerk, but he was not talkative.

Then New Hope Is Born.

Mr. Dickson found himself up and began to try improving himself up to date. He made friends, continued his advances and told persons with whom he had scarcely exchanged a nod for years that he was a new man and that he was going to get somewhere in the world.

"I'm studying for an examination," he said, when asked why he pored over books half the night. "It's all there in the books. As soon as I can make it stick in my head I will be all right. It's funny, though—it doesn't seem to stick. There will be a line in the book as plain as black on white. Then I will look away and it will be gone. And no memory of it sticks in my mind. That is slowing me up considerably."

But His Reading Doesn't Stick.

Dickson finally went down for his examinations, which were to advance him at 63 from a railway mail clerk to a better position. But the things he had studied didn't stick, as he feared, and his papers came back with the mark of failure. And that was the end of James Dickson's Indian summer.

Yesterday afternoon he took out the old revolver he bought when he built his home in the unsupervised neighborhood and fired a shot through his brain. He died.

His wife, Mrs. Mary Dickson, and an unmarried daughter, Ruth Dickson, were in the house at the time. They closed the doors to reporters last night and refused to be interviewed.

SCHOOL SOCIAL CENTERS
HAD 398,000 ATTENDANCE.

Supt. Shoop Gives Out Figures—
Plan to Increase Numbers Se-
veral Times Next Year.

The attendance at the thirty-nine social centers in public schools in the season recently closed was 368,308. Figures were given out yesterday by Supt. John D. Shoop showing an attendance of 230,018 boys and 148,290 girls and women.

At the Bismarck school the attendance was highest, 38,500. The Forest school was second, with 22,700, and the Clark school with 20,130. The average attendance an evening was 41,672. Those centers open during the entire season had forty-five or forty-six evenings for a work. Several were open only for a week.

"Let me clear away all fallacies regarding the poison. In the palm of her hand she had a small amount of cyanide of potassium. I scraped this off and found it to measure three grains. The grains were coated together in a spot in the center of the palm."

Position of Body.

"The girl lay on her left side. Her right hand was stretched out in front of her in the snow. Her left was drawn under her head and in the bend of her arm she still held her school books. There was frost about her lips mixed with some poison crystals. This frost had flowed down across her left cheek."

"Its course was marked by a broad reddish line which, I think, was not burned by the poison, but was a chapped mark caused by the wetting of the skin. There were no poison crystals along this mark. But at the end of it, where it met the hair above her ear, I found one-half grain of white crystals."

"Do you believe Marion Lambert killed herself or is that Orpet murdered her?" the coroner was asked.

In addition to the four hours sworn in by the coroner, he said: "I remember almost the first place that we went after we came to Lake Forest, which was about eleven months before Marion's death. It was a dinner which was given by the guild, of which Marion was a member. I shall never forget her sparkling manner. She was literally the life of the party. Every one will tell you that."

Marion was more fun than any girl I ever saw," he said. "I remember almost the first place that we went after we came to Lake Forest, which was about eleven months before Marion's death. Cape of Taffeta.

BY ELIZABETH LORD.

ASCINATING, indeed, are some of the little capes and wraps that either match the dress, serving as a third piece to a silk or cloth costume, or that irresponsibly accompany and distract one's choice. They are especially useful to winter with organic and animal fashions, which often require some slight wrap before they can be worn outside the house and garden.

There are many ways of varying the designs and Parisians have been clever in choosing the most charming. A popular model is the simple little cape flaring to the waist line, or below it, with its top gathered to a straight high band that does not cover the shoulder, but hangs down from the neck, revealing the bodice. Satin, llops, plaited frills, insets of tulle, puffs, and machine stitching are all used for trimming, following the cue of the design of the dress which they accompany.

A new and clever interpretation of this pretty garment reaches below the waist line; it has a round, upstanding band for a collar, big enough to be slipped out over the shoulders, and instead of opening in the center front, according to cape tradition, it spills its entire length at either side, leaving a wide panel to fall severely in surprise fashion, wholly concealing the waist beneath.

An odd wrap, half cape and half jacket, of white broadcloth, is cut like a short

The Amateur Gardener
by Eben E. Rexford

Plants for Window Boxes with Northern Exposure.

RECENTLY it is desirable to install a window box at a north window in order to have a shaded exposure, where few flowering plants would do well to do well. What shall we grow in them?

All kinds of ferns that succeed well in house culture will do well in them. If you have some choice varieties I would not advise turning them out of their pots. I would simply sink the potted plant in the soil. If this is done it will not be necessary to lift and pot the plant in the fall.

If you happen to have some old plants, of Boston ferns that seem to have outgrown their usefulness, why not cut them apart and divide them, each piece having a bit of crown attached, and make use of them in filling your box. These plants, small though they be at the beginning of the season, will soon make active growth and be large enough at the end of the season to put for use in the window garden next winter. And all through the summer they will delight you with their cool greenery.

Vanilla Extract.
Within a year I have had one or two requests for recipes for vanilla extract and I am under the impression that each piece has a bit of crown attached, and make use of them in filling your box.

These plants, small though they be at the beginning of the season, will soon make active growth and be large enough at the end of the season to put for use in the window garden next winter. And all through the summer they will delight you with their cool greenery.

Asparagus plumosa nana and sprengeri are excellent plants for shaded locations. Their foliage is quite as beautiful as flowers.

There is one flowering plant that does well in a location where there is no sunshin. It is primula obconica. I have seen it growing among ferns in north windows, and the effect was delightful.

The contrast between its delicate flowers and the dark, bold foliage of the other plants was pleasing in the extreme.

When grown in a light, sunny window the flowers of this plant generally have a pinky pink or pale lilac tinge, but in a north window all trace of color fades out and its flowers are a pure white. It blooms constantly.

A friend tells me that last year she tried poinsettias in a window so shaded that no sunshin ever reached it, and she was so pleased with the result that she will make use of these flowers again this season.

She made use of the lighter colored varieties. The only difference she could see between them and similar varieties in the garden was that they were paler than those of the plants exposed to sunshin.

Flickerings from FILM LAND

A Bit o' the Ould Sod on State Street.

"THE INNOCENT LIE."

Produced by Famous Players. Directed by Sidney Olcott. Released by Famous Players. Cast: Nora O'Brien Valentine Grant Terry O'Brien Jack J. Clark Pauline Hunter Arden Mrs. Owen Robert Arden Capt. Stewart Robert Cole

BY KITTY KELLY.

PEOPLE and persons of their ilk say to me, hesitatingly, feeling that possibly it is a flirer in tact. "Well, really, I don't think very much of the movies." And I don't blame them. A lot of times I don't either. Out of the muck of many pretentious contributions, sometimes it is pretty hard to pick out the best of the fine flower of the photoplay.

When one remembers that most films and "mood" is not too broad a term—most on having a lady who objects to it killed violently by a villain, a barroom episode, a den of thugs, tarnished reputations, a furniture-ruining fatigues, an ugly prison, a robbery, a fainting, fighting—some or all of these samples of sordidness—one pardons the poet for lack of imagination.

Pictures of that sort exist in such large proportion that they are difficult to avoid by the occasional goer whose interest in filmography is only superficial. A few of them finish his film feeding.

If the disapprovers and the lukewarmers might only have the luck to drift into pictures like this "The Innocent Lie," the casualties would be far less serious. It does have a barroom and a den of thieves, true, and a kiss struggle, but they are so subordinate to the spirit of the thing that they do not leave any aesthetic squirming.

It is a delicious Irish picture, with a simple, peaceful, consistent little story to carry it along. About half of it occurs in Ireland, most happily simulated in Bermuda, by Director Sidney Olcott, who two summers ago with this same star made a series of Irish pictures for Lubin over on the old sod itself.

Mr. Olcott has the style of the realist in fiction. He does things by little details; building up a fine atmospheric effect that takes the observer far away from the screen. The scenes are simple, the action is a piece of spontaneous combustion, by a masculine member of Tex Tarsus Sunday department, which crystallizes that so far squelched sentiment:

A LAVENDER LYRIC.

He sings his silky mame unto the dawn For vapid girls with tin pot brains. His dear eyes shed a soft and boyish light:

His mauve pajamas—Stop, enough! Go on.

He loves the violet, brooks and twinkling birds.

He cannot sleep without sweet perfume in his hair:

It is a song of beauty without words—Sweet birds, my dear. O—she is so fair!

But half! I am a tall and skinny shrimp, By my boots I fain would rather be

Sans charm, sans mauve, sans form—

Allah, what not?

The wort on yonder proof boy's neck than he!

Mr. Stevenson to Supplant Mr. Brady.

"Treasure Island" comes to the Colonial Sunday night, June 4, putting that house back into the legitimate drama section, and the Brady-made movies move over to the Studebaker.

BRIGHT SAYINGS of the CHILDREN

"The Tribune" will pay \$1 for each child saying printed. The only condition is the story told must never have been printed in any magazine or paper. Write on one side of the paper. It is not possible to acknowledge or return unavailable contributions. Address bright sayings to Aunty Bee, "Tribune," Chicago.

The exteriors, with their picturesque bits of Quod, quaint cottages, and queer little traps, are as satisfying in this respect as the interiors.

Miss Valentine Grant, newcomer to the screen, plays the rôle of a young Irish girl, gives a most enjoyable impersonation of an honest, impetuous, energetic peasant maid. She does not preen herself for prettiness, but she charms by her directness, her naturalness.

I like her better in her native element than in her New York surroundings. All

is well with the wearer removes it, revealing an attractive little 1860 dress of old blue faille, with a tight high waist, short puffs, long white undersees, and the high collar are braided in blue to match the dress. SHORT BUYING LEADS TO RISE IN WHEAT MART

Prices Rally Under Free Covering—Corn and Oats Are Helped—Trade Fair.

Stimulated by free short covering, wheat displayed a firmer tone yesterday, deferring futures closing 3% higher. May finished 4¢ lower, there being more liquidation in the current delivery. Further selling early in the session carried prices for all months materially under the previous close, but when some of the larger shorts started to buy in there was quick response. Indications of an improved export demand at the decline encouraged some buying, and there were also reports of Hessian fly damage from points in Illinois and Missouri, as well as from Kansas. Many of the local traders bought on the theory that the market was due for a reaction following the recent sharp break.

Export sales of 1,000,000 bu, mainly Manitoba, were reported at the seaboard, while local exporters worked 50,000 bu. Sales here proved rather disappointing as the trade looked for a larger business at the reduced prices.

Sharp Break at Liverpool.
Spot wheat at Liverpool broke 1¢/d under pressure of Manitoba wheat and free native offerings. There was an increase of £20,000 bu for the week in the United Kingdom visible supply, and Broomhall calls attention to the enormous world's available stocks, which decreased only 70,000 bu for the week and total nearly 100,000,000 bu more than a year ago. Traders here indicated prices were above an export basis, but scarcity of vessel room is pronounced with rates for June loading quoted at the unheard of figure of about \$1.00 per bu.

Corn Also Has Rally.

Corn also had a sharp rally and finished 4¢/d higher. Short sellers of the eighteen hour variety were forced to cover. The action in wheat was of much influence, as crop and weather advices were about all that could be desired. Planting of corn in the important territory is completed and an increased acreage has gone in. The continued advance in Argentine ocean rates offers some encouragement to the bulls, as they expect it will throw more of the European demand to this country. Liverpool reported that the first arrivals of new Argentine corn were excellent quality, but were very few and smaller than normal. Spot corn was up 1¢/d. Spot corn was unchanged to 4¢/d lower and shipping sales of 100,000 bu were reported. Primary receipts were 404,000 bu, against 500,000 bu a year ago. Local cars were light at 62.

Osceola Market Is Irregular.

Oats were affected by the better tone in the other pits, but closed irregular, May and July being a little weaker, while September was slightly higher. There was further liquidation in the May delivery and some evidence of increased country selling shown in hedging pressure. However, there was considerable covering by shorts and prices rallied substantially from the low points.

Cash oats were 4¢/d lower and some broadening in the demand was noted with local shipping sales reported at 200,000 bu. The seaboard general export sales of 500,000 bu a year ago, and 400,000 bu a year ago. Local cars were 28¢. Seaboard clearances were 32¢/d. Reports from most all sections regarding crop prospects were favorable.

Hog Product Generally Easier.
Hog prices, as a whole, generally lower, with selling that appeared to come largely from packing interests. Fairly good buying developed on the early decline, but offerings increased again later in the session. Lower prices prevailed for hogs at the yards, with eastern buyers not disposed to pay present prices. Trade in cash product was reported fairly good. Local shipments of meats were 2,896,000 lbs against 3,188,000 lbs a year ago, while local shipments were 1,488,000 lbs against 603,000 lbs last year.

Receipts of hogs at western markets totaled 72,000 head, against 51,480 a year ago. Receipts for the month were 1,000,000 head, while the year previous the imports were 684,000 head, against 610,000 a year ago. Liverpool spot lard was 6¢ lower, with July lard 10¢/d lower.

Hog Market Weak.
Hogs were quoted with prices of No. 8 at \$20.50¢, and No. 4 at \$20. Receipts 2 car.

Hog rally easy. Maiting was quoted 20¢/d, with sales at £107,760/d; feed was quoted 60¢/d, and sold 60¢/d; grain mining was quoted 60¢/d, and screenings 45¢/d, the latter selling at 40¢/d. Receipts were 60 car.

Timothy seed was steady with September quoted at \$2.00 and cash lots 55¢/d. Cloves had held steady with cash lots quoted at \$2.00/45¢/d.

Sentiment in the trade at the close was mixed. Many believed the upturn in prices only a natural reaction after the sharp recession made in prices, and took the stand the market would resume its downward course again after time shorts had taken their profits. Others held the opinion the market was on a sounder footing than for some time, with a large short interest that did not exist a few days ago.

Bradstreet's reported world's available supply of wheat this week at 212,375,000 bu, decreasing 707,000 bu, and comparing with 117,000,000 bu a year ago. Total supply is largest ever known for this time of the year. Corn available decreased 1,601,000 bu, while oats increased 2,248,000 bu.

At the time the transfer of the property was made public by The Tribune relatives came forward with the claim that Morrison had no right to dispose of the real estate inasmuch as he held a life interest in it. This same claim was made in court yesterday by Attorney G. Parker, representing Riemann.

Attorney Ward disputed this, declaring that the property had been left forever to Morrison by James M. Morrison, his father.

Shorn yearlings	\$0.60 to \$0.70
Bucks	\$0.60 to \$0.70
Native sheep	\$0.50 to \$0.60
Western lambs	\$1.00 to \$1.20
Cull lambs	\$0.50 to \$0.60
Colorado lambs	\$0.60 to \$0.70
Shorn lambs	\$0.60 to \$0.70

Hog receipts of 15,000 head at Chicago yesterday met with an indifferent response at weak to \$5 lower prices. Top steers were at \$1.00 to \$1.10 and the bulk at \$0.70 to \$0.90. Shipping orders were lacking and packers took advantage of the absence of outside competition to amass their droves at well under the \$1.00 mark. Pigs were neglected, although offered at a reduction of 25¢ from Monday's price.

Firmness continued in the market for cattle and occasional sales of steers were made at a further gain of 10¢ a hundred pounds. Cows and heifers sold on a steady basis, while bulls were firm. Calf receipts of 6,000 head met with an aggressive demand at strong to 25¢ higher prices and prime vealers topped at \$1.15, the highest price made in a long time.

Sheep and Lambs Irregular.
Sheep and lambs made a new top for the year at \$1.30, but other offerings met with an irregular demand at unchanged to 25¢ lower prices. Receipts were posted at 15¢ lower. They met with a slight demand. Shorn yearlings sold at \$1.00. Colorado clipped lambs made \$10.50 to \$12.15, with buyers indicating against heavyweights and buying that kind at a substantial reduction in prices.

Hog purchases for the day: Armour & Co., 2,000; Swift & Co., 2,000; Sulzberger Sons, 1,200; Morris & Co., 900; Anglo-American, 1,500; Hammon, 1,300; Dugan, 1,000; Rutherford & Co., 400; Western Packing Co., 1,200; Miller & Hart, 400; Independent Packing Co., 2,000; Brennan Packing Co., 800; butchers, 1,000; shippers, 1,000; total, 16,800; left over, 4,000.
